Have you changed your diet or missing delicacies from international travel? Our selection includes; Paleo, gluten free, low carb, vegan, international cuisines, cake making, baking, slow cooking, easy everyday meals and more.

THE SBS Emerging Writers' Competition returns for 2021

The competition aims to uncover bold new voices that reflect the diversity of contemporary Australia by inviting aspiring writers to share their stories and have their voices heard.

An initiative from SBS Voices, SBS is on the hunt for the next generation of diverse Australian writers with the return of their Emerging Writers' Competition for 2021. **Open for entries from 16 August - 16 September 2021**, the theme of this year's competition is 'Between Two Worlds: stories from a diverse Australia'. Writers aged 18 and over are asked to submit a first-person memoir piece, between 1,000-2,000 words. The winners will be announced on 10 November 2021.

The winning submission will be awarded a \$5,000 prize to support further development of the writer's skills and knowledge. There will also be a \$3,000 prize awarded for second place and two honourable mentions who will each receive a \$1,000 prize. All winners and runners up will have their works published on the SBS Voices website.

SBS wants to hear your story...because there's a writer in all of us. Entries are open, go to www.sbs.com.au/writers for more information and register [here](#) to enter.

RAISING TODAY'S TWEENS AND TEENS WITH CONFIDENCE

Claire Eaton, author, speaker and youth coach recently presented a workshop on 'Raising Today's Tweens and Teens with Confidence'. If you were at the workshop or weren't able to get there but are interested in the content, the library now has a copy of Claire's "Hello High School" and "Roc and Rise" books that she spoke about.

Written especially for teens (but also a great guide for parents and teachers too), these books are packed with loads of strategies, tips and stories to help tweens and teens begin high school and to inspire them to become more resilient, optimistic and confident in school, friendships, sports and life.

Ever heard of a 'Wolverine Frog' [also called Hairy Frog]?

They have masses of hair-like growths sticking out near their back legs, a bit like Wolverine's shaggy sideburns, and just like the comic character these creatures have the ability to snap their own bones and force bone spikes out through the skin of their feet to protect themselves. Once the threat passes, they pull the broken bones back inside their bodies and start to heal. If only we could heal our broken bones like that!

MY Eyes Never Close
